Reading Edition

May 23, 2008

Reading: We have finished our novel study of The Summer of the Swans. Most students really enjoyed the novel even though it is old enough to be considered a classic! Students will be working on novel character conversation skits in class for their final project grade next week and will perform these skits in front of their peers.

Reader's Workshop: Students need to make sure to bring their chapter book with them to class. They will be graded on being prepared and being focused while reading their chapter book, since there will not be a 4th quarter book report assigned.

Spelling: This week was a regular week in spelling. Students completed activities of their choice to practice their words. The final test was Thursday. Next week will be a short week and we will make up our own list of summer words. Students will complete activities of their choice each day to practice their words. They won't be tested on these words.

Writing: We are still working on the writing activity based on each student's favorite words list.
